MEDIA ADVISORY

Ribbon Cutting Ceremony to be held Wednesday

Piti, Guam, May 27, 2024: The Port Authority of Guam, along with Governor Lou Leon Guerrero, Lt. Governor Josh Tenorio, and its Board of Directors invite the public to join in a Ribbon Cutting Ceremony on Wednesday for the unveiling of the Agat Marina Dock B, new restroom facilities, and CCTV cameras.

The event is scheduled for 11 a.m., Wednesday, May 29, 2024 and will be held at the Agat Marina.

The rehabilitation of the Marina's Dock B provides an additional 48 slips for recreational boaters and fishers of Guam and is the last dock to undergo rehabilitation totaling 162 useable slips. The use of non-rot recycled plastic composite material, marine-grade aluminum frames and stringers, and stainless-steel junction boxes with watertight fittings provide a low-cost maintenance facility. Additionally, the dock is designed to withstand the combination of wind, sea action, boat docking, and other loads without damage to the structure and components throughout a 20-year design life.

"The newly built restroom facility provides the community and tourists better accommodations while utilizing the marina and the installation of CCTV cameras provides 24-hour surveillance to enhance the security and protection of all marina users," said Port General Manager Rory J. Respicio.

Governor Lou Leon Guerrero and Lt. Governor Josh Tenorio will be present to deliver remarks and assist in the ceremonial ribbon cutting.

Lunch will be served immediately following the ceremony. All of the media is invited to attend.
