INVITATION FOR BID: IFB-PAG-002-21

DESKTOPS, LAPTOPS, AND ACCESSORIES

Questions and Responses

Questions submitted by USA Contractors Inc. on March 04, 2021 at 6:15 P.M.

Question 1:   Please clarify, can we bid on some items or is this an all or none award?

Response: This is not an all of none bid

Question #2:   Also, we would like to request for an extension of the bid opening deadline from March 12, 2021 to March 19, 2021. Having reviewed the bid specifications and other requirements, we anticipate it will require a longer time for us to prepare and submit a compliant offer as some manufacturers/ suppliers are operating at 50% staffing due to Covid-19 and are not able to respond as pre pandemic times.

Response: See Amendment #1

Questions submitted by Outer Bridge Technical Solutions on March 04, 2021 at 10:07 A.M.

Question #1:   This memorandum was created to put forth the question if it's possible to request an extension on the due date for IFB –PAG-002-21 from 12 March 2021 to the date of 26 March 2021 or later?

Response: See Amendment #1

Question #2:   An extension on the originally due date would be beneficial to provide manufacturers of hardware adequate time to provide equipment pricing.

Response: See Amendment #1

Questions submitted by Data Management Resources on March 05, 2021 at 11:42 A.M.

Question #1:   Relative to IFB page 3, REQUIRED DELIVERY DATE section specifies, "30 Days Upon Receipt of Purchase Order." We respectfully request that the delivery date be changed to 60 Days due to any unforeseen delays and challenges that may be encountered with our vendor due to the current COVID-19 pandemic. There is a current global shortage in the display market and other computer components, causing longer delivery lead time for computer manufacturers.

Response: See Amendment #1

Question #2:   Relative to Item No. 1.0, section SOFTWARE on IFB page 31 of 35 specifies "MICROSOFT OFFICE PROFESSIONAL 2019." Please clarify if the Port is requesting for Microsoft Office Volume for Government. The Volume license option is electronically delivered and provides a centralized license is transferrable between different computers.

Response: Yes.

Question #3:   Relative to Item No. 1.0, section SOFTWARE on IFB page 31 of 35 specifies "Cyberlink Media Suite Essentials DVD No Media" and "Latest Roxio Creator." Both Cyberlink and Roxio are used for creating CD and DVD media. The Windows 10 operating system includes Windows Media Player, which is also a CD and DVD media creator. Please confirm if the Port is requiring bother Cyberlink and Roxio, or if the Port will accept the Windows Media Player.

Response: Yes.

Question #4:	Relative to Item No.2.0., section SOFTWARE on IFB page 33 of 35 specifies "MICROSOFT OFFICE PROFESSIONAL 2019." Please clarify if the Port is requesting for Microsoft Office Volume for Government. The Volume license option is electronically delivered and provides a centralized license is transferrable between different computers.
Response:	*Yes.*

Question #5:	Relative to Item No. 2.0, section SOFTWARE on IFB page 33 of35 specifies "Adobe Acrobat Pro 2020 (CD)." Adobe and other software vendors have adopted electronic delivery of media and license. Please confirm if the Port will accept electronically delivered software and license.
Response:	*Yes.*

Question #6:	Relative to Item No. 2.0, section SOFTWARE on IFB page 33 of35 specifies "Cyberlink Media Suite Essentials DVD No Media." The Windows 10 operating system includes Windows Media Player, which is also a CD and DVD media creator. Please confirm if the Port requires Cyberlink, or if the Port will accept the Windows Media Player.
Response:	*Yes.*

Question #7:	We respectfully request a two (2) week extension in the bid submission deadline to allow for adequate bid preparation time upon receipt of responses to questions.
Response:	*See Amendment #1*

Questions submitted by Pacific Data Systems on March 05, 2021 at 1:47 P.M.

Question #1:	The 30-day delivery requirement is very difficult to meet in the current environment. The configuration of the systems specified are "Build to Order" and are not available from stock. Also, due to increased demand on common electronic components required for these systems, product lead-times are extended. PDS requests that PAG extent the delivery requirement to 60 - 90 days.
Response:	*See Amendment #1*

Question #2:	Please identify the employee(s) who developed the specifications for this IFB as required by 5 GCA §5267.
Response:	*Dennis J. Perez, Jacob I. Paunte, Carol V. Jenkins, Arden B. Bonto, Anthony J.S. Yatar, and Doris G. Blas*

Question #3:	Please provide a copy of the technical literature/brochures used to develop the specifications for each of the items contained in the IFB, reference 5 GCA §5267.
Response:	*Hard copy provided (See Attachment No.1)*

Question #4:	Reference Item 1.0; please clarify these requirements by providing more details that explain the functionality required in order to comply with 5 GCA §5265, §5268.
Response:	*Components that offer best performance/ROI for user productivity while accessing PAG WAN/LAN systems and state of the art Workstations.*

Question #5:	Reference Item 1.0; regarding advance replacements under warranty or the Accidental Damage Protection Pro Support, are replacements to be done within 20 days from local spares?
Response:	*Yes.*

Question #6:	Reference Item 1.0; is warranty work to be performed on-site or the awarded bidder's facility?
Response:	*Whichever solution that provides a timely replacement/Repair and fast delivery turnaround for PAG.*

Question #7:	Reference Item 1.0; Should any warranty/Accidental Damage Protection (ADP) repairs be sent off-island?
Response:	*No.*

Question #8:   Reference Item 1.0; Will PAG agree to pay shipping charges for warranty/ADP repairs?
Response: *No.*

Question #9:   Reference Item 1.0; What is the required responsiveness level for service calls?
Response: *24 Hours*

Question #10:   Reference Item 1.0 BACK UPS; Is battery replacement coverage required over the term of the warranty?
Response: *Yes, at No Charge to PAG.*

Question #11:   Reference Item 2.0; please clarify this requirement by providing more details that explains the functionality required in order to comply with 5 GCA §5265, §5268.
Response: *Components that offer best performance/ROI for user productivity while accessing PAG WAN/LAN systems and state of the art Workstations.*

Question #12:   Reference Item 2.0; regarding advance replacements under warranty or the Accidental Damage Protection Pro Support, are replacements to be done within 20 days from local spares?
Response: *Yes.*

Question #13:   Reference Item 2.0; is warranty work to be performed on-site or the awarded   bidder's facility?
Response: *Whichever solution that provides a timely replacement/Repair and fast delivery turnaround for PAG.*

Question #14:   Reference Item 2.0; Should any warranty/Accidental Damage Protection (ADP) repairs be sent off-island?
Response: *No.*

Question #15:   Reference Item 2.0; Will PAG agree to pay shipping charges for warranty/ADP repairs?
Response: *No.*

Question #16:   Reference Item 2.0; What is the required responsiveness level for service calls?
Response: *24 Hours.*

Question #17:   Reference Item 2.0; Is laptop battery replacement coverage required over the term of the warranty?
Response: *Yes, at No Charge to PAG.*

Question #18:   Reference Item 2.1; please clarify this requirement by providing more details that explains the functionality required in order to comply with 5 GCA §5265, §5268.
Response: *Components that offer best performance/ROI for user productivity while accessing PAG WAN/LAN systems and state of the art Workstations.*

Question #19:   Reference Item 2.1; regarding advance replacements under warranty or the Accidental Damage Protection Pro Support, are replacements to be done within 20 days from local spares?
Response: *Yes.*

Question #20:   Reference Item 2.1; is warranty work to be performed on-site or the awarded bidder's facility?
Response: *Whichever solution that provides a timely replacement/Repair and fast delivery turnaround for PAG.*

Question #21:   Reference Item 2.1; Should any warranty/Accidental Damage Protection (ADP) repairs be sent off-island?
Response: *No.*

Question #22:   Reference Item 2.1; Will PAG agree to pay shipping charges for warranty/ADP repairs?
Response: *No.*

Question #23: Reference Item 2.1; What is the required responsiveness level for service calls?
Response: *24 Hours.*

Question #24: Reference Item 2.2; please clarify this requirement by providing more details that explains the functionality required in order to comply with 5 GCA §5265, §5268.
Response: *Components that offer best performance/ROI for user productivity while accessing PAG WAN/LAN systems and state of the art Workstations.*

Question #25: Reference Item 2.2; regarding advance replacements under warranty or the Accidental Damage Protection Pro Support, are replacements to be done within 20 days from local spares?
Response: *Yes.*

Question #26: Reference Item 2.2; is warranty work to be performed on-site or the awarded bidder's facility?
Response: *Whichever solution that provides a timely replacement/Repair and fast delivery turnaround for PAG.*

Question #27: Reference Item 2.2; Should any warranty/Accidental Damage Protection (ADP) repairs be sent off-island?
Response: *No.*

Question #28: Reference Item 2.2; Will PAG agree to pay shipping charges for warranty/ADP repairs?
Response: *No.*

Question #29: Reference Item 2.2; What is the required responsiveness level for service calls?
Response: *24 Hours.*

Question #30: Reference Item 2.2; Is UPS battery replacement coverage required over the term of the warranty?
Response: *Yes, at no charge to PAG*

Question #31: Due to the comprehensive nature of the specifications for each of the items being procured and the need to receive feedback from PAG on the above questions/clarifications in order to prepare our bid response, PDS requests that PAG push the bid submission date back to March 19 or at least 10 days after PAG has responded to bidder questions or issued any other needed amendment to the procurement. This delay will allow bidders "a reasonable period of time" (reference 2 GAR §3109(i)(3)) to respond to these changes and prepare our bid submissions accordingly.
Response: *See Amendment #1*

Features

Operating System

Available with Windows 10 Pro for a smooth, versatile PC experience.
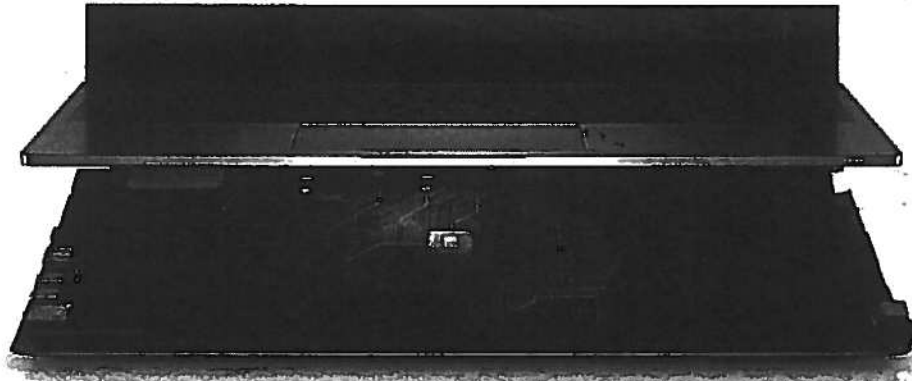

Does your PC know you?

Dell Optimizer is a first-of-its-kind AI platform that learns how you work and continuously adapts to your style to create a smarter, more personalized and productive experience.

ExpressResponse: We use built-in AI and Intel® Adaptix™ Technology to adjust performance levels where you need them most.

ExpressCharge: AI improves battery performance by adapting to your typical power consumption and charge patterns. ExpressCharge will automatically get you up to 80% in an hour.* And if you can't charge your system right away, it will subtly adjust settings to preserve resources, such as dimming your screen or turning off Bluetooth when not in use.

Intelligent Audio: Dell Optimizer's Intelligent Audio will automatically tune your system by adjusting background noise, managing speech volume and refining overall sound experience so you can hear and be heard better wherever you work.
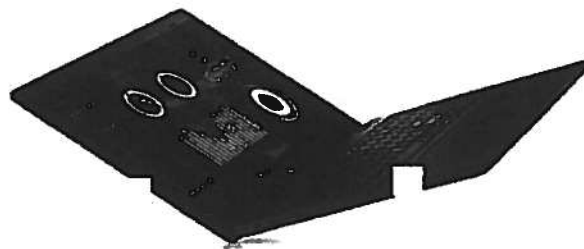

Elevated for every worker

Stunningly designed: Our new Latitude 3510 is smaller and thinner, with a lighter finish and narrow screen bezels to give you more room to work.

Start quickly, power through: Start up instantly with a fingerprint reader built into the power button. Keep working with outstanding battery life.

Connect anywhere: Seamlessly work on-the-go thanks to optional mobile broadband speeds up to 450Mbps.

Ports for any purpose: Compatible with more monitors and accessories, with a full range of available ports, including USB Type-C™ and legacy ports like HDMI and RJ45.

Fast performance: Up to the latest 10th Gen Intel® Core™ i7 processors offer businesses the performance, manageability, built-in security features and stability of Intel® architecture and align to a future-proof roadmap. Plus,

Experience a new way to work with Dell Technologies Unified Workspace.

Intelligence built-in. Modernization built-on.

We know that having the right device is just the start to a great workday. Employees need intelligent, intuitive and responsive experiences that allow them to work productively and without interruption. According to research, 1 out of every 4 users would question their job and the company they work for if they had a negative experience with their technology.* Dell Technologies Unified Workspace is transforming the employee experience and ensuring IT has proactive, predictive and automated solutions to deliver on the promise of a modern workday, while simplifying their ability to deploy, secure, manage and support their environment.

Deploy
ProDeploy in the Unified Workspace allows IT to move away from traditional, high-touch, manual deployment, and instead, ship devices preconfigured with company apps and settings from the Dell factory directly to their end users —having end users up and working on day one.

Secure
Dell Trusted Devices provide a foundation to a modern workforce environment with invisible and seamless protection to ensure smarter, faster experiences. End users stay productive and IT stays confident with modern security solutions for the Dell Trusted Device.

Manage
Dell Client Command Suite + VMware Workspace ONE offers integrated capabilities that deliver a unified endpoint management experience for IT, enabling them to manage firmware, OS, and apps from one console, while also creating seamless experiences for end users.

Support
ProSupport resolves hardware issues up to 11x faster than the competition. ProSupport for PCs offers 24x7 access to in-region ProSupport engineers who contact IT when critical issues arise,* so you can focus on what's next, not what just happened.

ProSupport Plus helps IT stay a step ahead and virtually eliminate unplanned downtime due to hardware issues. You get all the capabilities of ProSupport, as well as AI-driven alerts to prevent failures and repairs for accidents.*
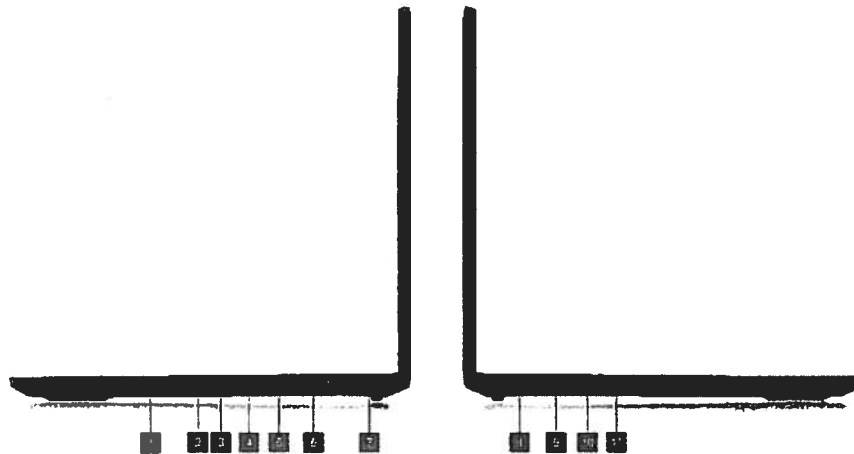

Ports & Slots

Intel® UHD Graphics 630
NVIDIA® GeForce® GT730, 2 GB, GDDR5 (optional)
AMD® Radeon™ RX 640, 6 GB, GDDR5 (optional)
AMD® Radeon™ R5 430, 2 GB, DDR3 (optional)

Memory[4]

Tower
4 GB, 1 x 4 GB, DDR4, 2666 MHz for Intel® Core™ i3/i5 processors, 2933 MHz for Intel® Core™ i7 processors
8 GB, 1 x 8 GB, DDR4, 2666 MHz for Intel® Core™ i3/i5 processors, 2933 MHz for Intel® Core™ i7 processors
8 GB, 2 x 4 GB, DDR4, 2666 MHz for Intel® Core™ i3/i5 processors, 2933 MHz for Intel® Core™ i7 processors

16 GB, 1 x 16 GB, DDR4, 2666 MHz for Intel® Core™ i3/i5 processors, 2933 MHz for Intel® Core™ i7 processors
16 GB, 2 x 8 GB, DDR4, 2666 MHz for Intel® Core™ i3/i5 processors, 2933 MHz for Intel® Core™ i7 processors
16 GB, 4 x 4 GB, DDR4, 2666 MHz for Intel® Core™ i3/i5 processors, 2933 MHz for Intel® Core™ i7 processors
32 GB, 1 x 32 GB, DDR4, 2666 MHz for Intel® Core™ i3/i5 processors, 2933 MHz for Intel® Core™ i7 processors
32 GB, 2 x 16 GB, DDR4, 2666 MHz for Intel® Core™ i3/i5 processors, 2933 MHz for Intel® Core™ i7 processors
32 GB, 4 x 8 GB, DDR4, 2666 MHz for Intel® Core™ i3/i5 processors, 2933 MHz for Intel® Core™ i7 processors
64 GB, 2 x 32 GB, DDR4, 2666 MHz for Intel® Core™ i3/i5 processors, 2933 MHz for Intel® Core™ i7 processors
64 GB, 4 x 16 GB, DDR4, 2666 MHz for Intel® Core™ i3/i5 processors, 2933 MHz for Intel® Core™ i7 processors
128 GB, 4 x 32 GB, DDR4, 2666 MHz for Intel® Core™ i3/i5 processors, 2933 MHz for Intel® Core™ i7 processors

Small Form Factor
4 GB, 1 x 4 GB, DDR4, 2666 MHz for Intel® Core™ i3/i5 processors, 2933 MHz for Intel® Core™ i7 processor
8 GB, 2 x 4 GB, DDR4, 2666 MHz for Intel® Core™ i3/i5 processors, 2933 MHz for Intel® Core™ i7 processor
8 GB, 1 x 8 GB, DDR4, 2666 MHz for Intel® Core™ i3/i5 processors, 2933 MHz for Intel® Core™ i7 processor
16 GB, 2 x 8 GB, DDR4, 2666 MHz for Intel® Core™ i3/i5 processors, 2933 MHz for Intel® Core™ i7 processor
16 GB, 1 x 16 GB, DDR4, 2666 MHz for Intel® Core™ i3/i5 processors, 2933 MHz for Intel® Core™ i7 processor
16 GB, 4 x 4 GB, DDR4, 2666 MHz for Intel® Core™ i3/i5 processors, 2933 MHz for Intel® Core™ i7 processor
32 GB, 2 x 16 GB, DDR4, 2666 MHz for Intel® Core™ i3/i5 processors, 2933 MHz for Intel® Core™ i7 processor
32 GB, 1 x 32 GB, DDR4, 2666 MHz for Intel® Core™ i3/i5 processors, 2933 MHz for Intel® Core™ i7 processor
64 GB, 2 x 32 GB, DDR4, 2666 MHz for Intel® Core™ i3/i5 processors, 2933 MHz for Intel® Core™ i7 processor
128 GB, 4 x 32 GB, DDR4, 2666 MHz for Intel® Core™ i3/i5 processors, 2933 MHz for Intel® Core™ i7 processor
Note: The Memory speed supported in Brazil for Intel Core i7/i9 processors is 2666 MHz.

Hard Drive
