**MEMORANDUM**

TO: Port Board of Directors

FROM: Rory J. Respicio, General Manager  
Dominic G. Muna, Deputy General Manager for Operations  
Luis R. Baza, Deputy General Manager for Administration and Finance

SUBJECT: Presentation of Proposed FY21 Budget

---

*Hafa Adai!* We are pleased to present for your consideration the proposed budget for the Jose D. Leon Guerrero Commercial Port for Fiscal Year 2021. At the outset, Chairman Santos, Vice Chairman Taimanglo, Madam Secretary Koki, and Director Taitano, we thank you for the recognizable guidance and support provided to us. In turn, your board policies enable us to carry out the Port's fundamental mission to ensure the continuity of the supply chain flowing into Guam and throughout our region.

We are meeting this mission, despite the on-going COVID-19 Pandemic, while ensuring the safety and security of all Port employees, our industry partners, tenants, and customers we serve daily. We are grateful for the strong partnership and synergy fostered with the Port's Users Group, as well as the leadership from Governor Lou Leon Guerrero and Lt. Governor Josh Tenorio; our legislative oversight Chair Senator Clynt Ridgell and members of the 35<sup>th</sup> Guam Legislature.

*Our Journey*

The FY19 budget included salaries and benefits that were not budgeted by \$2 million due to implementing a 25<sup>th</sup> market percentile salary. Through prudent fiscal management, strong internal controls, and cost containment, we managed to maintain the initial budget expense figure, absorbing the \$2 million *shortfall* and allocating \$3.1 million for past personnel issues. Because of these measures, the Port finished FY19 with a net income of \$3.5 million. The Port went from a loss of \$103 thousand in FY18 to earning nearly \$7.5 million in just one year.

In the face of all the financial challenges the Port experienced in FY19, we were able to accomplish a Debt Service Coverage Ratio (DSCR) of 2.3%, almost a 100% increase as compared to the bond indenture requirement of a 1.25% ratio. We notably improved our Daily Cash on Hand from 869 days to 966 days.

*Revenue Projection for FY21*

The Port's revenue projection for FY21 is based on the revenue collected from March 2020 through July 2020 and extrapolated over 12 months. We also projected federal reimbursements,

providing us with a conservative revenue projection of \$48,063,533, which is roughly \$1.0M million less from last year's revenue estimate. The proposed FY21 budget is aligned with the Leon Guerrero Tenorio Administration and Board's vision, goals, and it keeps the Port fiscally responsible. This proposed budget was prepared with a "zero-based budgeting" mindset, provides fiscal discipline in developing realistic spending plans, and identifies continued potential cost savings.

This proposed budget represents our best estimation of the resources, operational, and capital requirements for the upcoming fiscal year. More importantly, this proposed budget builds our financial posture, meeting our operational needs, and exceeding the minimum requirements of the bond raters. Ultimately, this proposed budget represents our collective desire to keeping the Port moving forward, even as our island community faces unprecedented challenges created by the COVID-19 Pandemic.

In formulating the projected revenues for FY21, we factored in the impact of the COVID-19 Pandemic to our current cash inflow. Our team created three scenarios composed of the revenue numbers on (1) the normal months of the fiscal year (October to July); (2) the months when the Pandemic started worldwide (January to July); and (3) the months when the Pandemic had an impact in Guam (March to July). You will note that the revenue projection we chose, scenario 3, was the most conservative, leaving us with an even more significant challenge to provide a realistic and responsible budget proposal.

This revenue projection is based on the current financial collections, in an economic environment where Guam's tourism industry is temporarily halted, and without any assumptions made to the impending military buildup construction. As you know, these are two of the three factors historically used to make budgetary assumptions for revenue projections. The third determinant factor is federal grants and aide deposited into our island's economy, currently totaling \$1.5 billion.

#### *Budget Process Overview*

Our Zero-based budgeting process started in July and was done in collaboration with all of our division heads. The Port uses the bottom-up approach by allowing each division to submit its budget request, followed by one-on-one sessions to deliberate their respective budget submissions. The initial phase was led by Luis R. Baza, Deputy General Manager for Administration and Finance, and supported by Jojo Guevara, Financial Affairs Controller, Francine Rocio, HR Administrator, and Vince Bamba, Budget Analyst. In formulating this budget, our team took stock of the Port's current fiscal health and other considerations and challenges, all of which will have a budgetary impact for the upcoming fiscal year.

These challenges include:

- The Port borrowed \$76 million in the bond market and is bound to adhere to the Bond provisions for 30 years;

- The recent rating review by Moody's placing the Port on Credit Watch. Although the financial reports that the Port provided were positive, the primary reason for categorizing the agency in a negative outlook was due to Moody's concern the impact on Government of Guam revenues with a prolonged decline in tourism activity;
- FY21 Total Debt Service (Net Capital Interest) has increased by 83%, from \$3.1 million to \$5.8 million. This amount will be the debt service for the next 8 years.
- Timely completion of bond projects and within overall budget;
- Investment and maintenance on Capital Equipment; and
- Impact of the Pandemic in the Port's Revenues and Operating Expenses.

Although our team was able to decrease the overall request by \$5.6 million, unfortunately, it would have resulted in a net negative income of \$537,109 and place our DSCR to 1.22%. Additional budget cuts were made to ensure that the final numbers resulted in a positive net income and accomplished a debt service coverage ratio that is within the minimum condition set by the Port's bond rating agencies. We achieved this proposal by (1) using the FY20 actual expenses; (2) budgeting a \$2.7 million increase for the debt service; (3) creating a salary and benefits vacancy pool; (4) making budget provisions to meet our statutory requirements in the personnel category, and (5) by truly budgeting for overtime based on actual overtime expenses. We also set out as a financial goal to meet the Port's expenses for FY21 using the current monthly remittance of \$4.6 million, which is remitted to the Port monthly by the Port's trustee.

At the beginning of this budget process, our team initially allocated \$2.3 million to fund vacancies. However, based on all of the new and vacancy requests from our division heads, the total amount ballooned to \$3.7 million. This request was sanitized by identifying new and vacant positions with a new total of \$2.1 million if all of these new and vacant positions were to be filled. We have determined that the initial \$2.3 million set aside to fund new and vacant positions is not financially achievable. In order to adequately maintain the Port's human resources needs, our budget proposal seeks to allocate \$300 thousand to fund the Temporary Staffing initiative previously approved by the board and sets aside \$1.3 million into a newly created vacancy pool to support new and vacant position on an as-needed basis.

#### *Special message to Port Employees in light of COVID-19 Pandemic*

Mr. Chairman and Board members, we would like to take this opportunity to express our most profound appreciation to our *Port Strong* family for their dedication and commitment to duty. This amazing and fierce *Port Strong* spirit and the determination we see on the faces of these employees to not let the people of Guam down during this Pandemic is so powerful that it's almost impossible to explain. Even amid the fear and uncertainty, the Port remains fully operational. Every single day, we are proud and inspired by their dedication and love for our island community.

#### *Conclusion*

In consultation with the Port management team, this proposed FY21 budget is our recommendation to the Board of Directors for your disposition. We would like to extend our gratitude to the Port management team for their participation during this budget process.

The Port faces significant challenges, but with our challenges comes great opportunity. We are deeply grateful to work with a solid management team with so much energy and talent to keep the Port fully operational and to maintain our current levels of high workforce morale, productivity, and efficiencies. Even in the most difficult of times, as what we are experiencing these past 6 months, the Port carries out its mission to safely, responsibly, and environmentally manage its assets in order to protect the supply chain, meet the Port's employee's needs, and, most significantly, to do our part to foster economic growth and job creation.

We trust that you will give this budget proposal your utmost consideration, and deem it acceptable for adoption. *Si Yu'os ma'ase!*
