NEWS RELEASE

Port cargo update

Piti, Guam, June 12, 2023:

"One thousand six hundred ten (1,610) containers have been issued to the community From May 28 – June 11, 2023, of which 235 consist of reefers and 1,375 consist of dry goods," said Port General Manager Rory J. Respicio. "This was a result of the tremendous amount of support received from Governor Lou Leon Guerrero, Lt. Governor Josh Tenorio, our Board, our federal and local partners, and industry partners."

The Port Authority was fully operational just three days after Typhoon Mawar hit Guam and has caught up with regular vessel arrivals just two weeks thereafter. "We are addressing all the pre and post-Typhoon Mawar challenges so that the Port remains 100% operational. Additionally, we have to navigate through all available resources to address the damage sustained by our facility and port properties," said Respicio.
